

The right choice TO CONNECT YOUR BUSINESS

DEPLOYMENT SERVICES

For companies needing to deploy new technology to thousands of remote locations, the challenges can be daunting. ComNet's incorporation in all 50 states gives us the ability to mobilize W-2 resources anywhere within the country. We also maintain a network of certified business partners that are available for project support. Because ComNet isn't limited to any one solution, we work with our clients to customize a deployment model that addresses the primary challenges of any national deployment.....logistics, complexity and cost.

ABOUT US

For over 30 years, ComNet Communications LLC has been installing and maintaining mission-critical network infrastructure systems for enterprise companies. In addition to traditional voice/data cabling, we have developed the capabilities and reputation as an industry leader for data center, audio visual, physical security and wireless installations.
