

The right choice
TO CONNECT YOUR BUSINESS

NETWORK CABLING SERVICES

With over 30 years of cabling and plant infrastructure experience, ComNet offers customers the industry's widest choice in voice, data, and video wiring solutions. Whether you are building a new state-of-the-art data center or rolling out a set of regional offices, we have the experience, skills, and staff to deliver a superior quality cabling installation, every time.

ABOUT US

For over 30 years, ComNet Communications LLC has been installing and maintaining mission-critical network infrastructure systems for the world's largest companies. In addition to traditional voice/data cabling, we have developed the capabilities that make ComNet an industry leader for data center, audio visual, physical security and wireless installations.
